Bada Bean Bada Booze has officially opened its latest location at Quarry Trails Metro Park, bringing its signature blend of coffee, cocktails, and community to Columbus's west side. Nestled within the park's scenic landscape, the new 2,200-square-foot space offers a variety of seating options, including a main room, lounge area, and a deck and patio overlooking the development's natural features. The grand opening which happened on April 5, 2025 featured a day-long celebration with early bird giveaways, live entertainment, and wellness activities, reflecting the brand's commitment to fostering community engagement.

A standout feature of the Quarry Trails location is its innovative use of glass block elements. These architectural details not only enhance the aesthetic appeal but also serve a functional purpose by diffusing natural light throughout the interior. The ambient lighting creates a warm and inviting atmosphere, seamlessly blending the indoor space with the park's natural surroundings. This thoughtful design choice underscores Bada Bean Bada Booze's dedication to creating environments that are both stylish and harmonious with their settings.
